BELENUS 137 DINING TABLE

Referencing the Latin Moon and the Celtic Sun, this extendable dining table duet comes in two connecting pieces of white ash and high gloss lacquer. Like perfectly paired lovers, each piece can stand on its own, while also fitting harmoniously together with its partner.

The Belenus table in Gisbert Pöppler's collection, stands on solid wooden legs and connecting oval shaped feet that are a contemporary take on outré Nordic design, complete with a playful Viking feel. Ranging in length this piece provides comfortable dimensions for dining, discussing or simply hanging out.
